COLD STORAGE

Cataumet Marina jammed with boats in spite of the winter. This anchorage is well protected from the storms of the bay and the boats stay in salt water all year. These are surrounded by skim ice as the owners work inside under the plastic covers to protect them from the icy wind.

Mattapoisett Selectmen's Meeting

FEBRUARY 24,1987-by VIRGINIA ARRAL

WILL SEEK VOTER APPROVAL
FOR SEWER EXTENSION

Water/Sewer Superintendent William "Nick" Nicholson, Finance Committee members, Water Commissioner Ralph E. Wordell, Town Treasurer Kathleen Briggs and Town Accountant Betty Sears met with Selectmen last Tuesday to formulate the method to obtain financing for the town's additional capacity to the Fairhaven Sewer plant.

Nicholson explained the total cost to Mattapoisett will be $429,293 for expansion of the treatment plant and rehabilitation of the existing plant. This cost figure will allow Mattapoisett an additional 250,000 gallons per day capacity (increasing the town's share to 500,000 gallons per day) for $342,116. The additional cost of $87,177 will cover the town's share for rehabilitation of the Fairhaven plant. Because of Mattapoisett's original agreement with Fairhaven, the town is obligated to pay its share of rehabilitation. The plan is based on Fairhaven's commitment to build 50 percent of sewers for unsewered areas by 1990.

Selectmen Chairman John DeCosta said this will be in the best interests of the town to expand now, as the cost might be prohibitive later when the need is more pressing.

Selectman Frank Suzan asked if at some future time Fairhaven can take some of our additional capacity for their own use? Nick said this was one of the questions he asked Fairhaven officials, and they said this could not be done but that they could offer to buy some of our reserve capacity.

Treasurer Briggs explained the methods of borrowing the necessary

funds. She said a bond issue would cost about $30,000 in paper work; state house notes only run for five years, which isn't a long enough time to repay. A third method is the best, she said, and this method is to borrow from the Farmers Home Administration (FHA) for 20 years at 6.5 percent.

Nick said Mattapoisett will have to make a payment in August 1987 on our share, after, hopefully, voters at town meeting approve the borrowing. He felt that if Fairhaven knows the town has voter approval of funds and the FHA approves the loan, they will wait for payment until after July 1st when the fiscal 1988 budget goes into effect. Finance Committee Chairman Michael O'Brien said the committee doesn't doubt the need for the extra capacity, but has to check whether the town can pay for it.

In other business, Selectmen:

RECEIVED A LETTER from Fire Chief Donald Wood commending the job done by the Fire, Police and Highway Departments at the oil spill on Route 195 on Friday, February 20th. "It was a super effort by all concerned handling a first-time situation," the Fire Chief wrote. "I would also like to extend a special commendation to Firefighter Gary Gaspar for his efforts in stopping the leak in the truck, and to Dispatcher Janet Kennedy for the job she did in notifying all the personnel from town

MET WITH State Representative John C. Bradford (R-Rochester) to discuss progress of current and proposed legislation.

Selectmen expressed concern with House Bill 1745 which is aimed at reinstating a form of binding arbitration for public safety contracts. Chairman DeCosta said "the town cannot operate under 2½ with binding arbitration because we cannot add to the tax bill anymore. This bill comes up every year".

Bradford said he will check on the proposal and report back to the Selectmen. He noted that under the terms of the bill, the Joint Labor Management Committee would be empowered to employ binding arbitration to settle police and fire contract disputes under their jurisdiction. The award made by the committee would be binding on the executive branch of government but would require town meeting or city council approval before going into

effect.

Another area of concern, Decosta said, is the state DEQE Waterways Bill, which surprised members at the Plymouth County Selectmen's meeting and the Massachusetts Municipal Association meeting, as none were officially notified in the early stages of the proposal. Mattapoisett Selectmen first heard about the bill when notified by Mattapoisett Boatyard owner Arthur MacLean. Bradford added that he first heard about it from a friend who owns a marina in Fairhaven. He noted there is a 92-page proposal to read through.

DeCosta informed Bradford that, "you, in Rochester, have several ponds that will be affected by the ruling - it is not just for ocean waterfronts". Bradford said the state is gnawing away at home rule, but there is power in unity to get things changed.

Bradford informed Selectmen he recently visited the Pilgrim plant to observe the safety operations and the evacuation plan. "I am taking a wait and see attitude to make sure these concerns are being handled properly. They seem to be trying to get their act together. But, I'm not a nuclear physicist, so I'll have to sift through testimony and evidence before making any decisions." He added that he is presently occupied in Boston on the Hazardous Waste Bill and the budget.

Room on the Growth Management Study. Peter Kortright, chairman, welcomes all interested townspeople who wish to give their input on the future growth of Mattapoisett to attend.

AWARDED A CONTRACT to A-Team Cleaning Services for janitorial services in the Town Hall, comprised of window cleaning, $195.; cleaning the wall paneling, $326.50; the carpeting cleaning, $375. The only other bidder was Like-Nu who bid only on carpet cleaning for $460.60. Executive Secretary Carol Adams said there are funds in the Town Hall budget for the work, which will start in April.

WERE NOTIFIED by Governor Michael Dukakis' office that an early distribution of $25 million in lottery aid to help Massachusetts' cities and towns strapped for winter storm clean-up funds will allocate $15,139 as Mattapoisett's share. The chairman noted the funds will be set aside by the town accountant for future use as the highway department's snow budget is not overdrawn at this time.

GRANTED PERMISSION to Stephen Yast and Mariette van de Kerckhof of Brighton to use Shipyard Park and the gazebo for their August 15th wedding. A request to use the park for their wedding reception was de-

QUESTION:

HOW DO EMPLOYEES & COMPANIES BENEFIT FROM CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: With higher performance and more productivity.

When a worker is sidelined because of a health problem, everybody loses.

The company loses a valuable employee, which could mean a loss of production. The worker loses self-confidence in addition to suffering pain and disability. The family unit loses part of its income, so important to maintaining a standard of living. The union loses part of its health and welfare fund in payments and other benefits.

Obviously, there is no way of eliminating on-the-job and off-the-job injuries entirely. But it would be helpful and less costly for all if time for recuperation could be reduced.

Chiropractic can reduce time off. In fact, comparative studies of Workers' Compensation cases from a number of states prove chiropractic's effectiveness in getting injured employees on their feet faster.

Imagine the advanteges of eliminating hospitelizetion. Being treated on an out-care basis. Not being subjected to the hazards and expenses of drugs and surgery

Here's what you can do:

- Get to know the chiropractic health method and its benefits.
- Make chiropractic services available to employees in any health and welfare or insurance program with which you are associated. Insist upon it.
- Recognize the importance of structural health. One of the best safeguards against illness and disease is to practice a program of health care which includes chiropractic spinal examinations

Chiropractic health care makes sense—in terms of people and money.

Girl Scout Cookie Time

Marion, Mattapoisett and Rochester Girl Scouts will be taking orders March 6th through 18th. Anyone wishing to place an order for Girl Scout cookies and has not yet been contacted may do so by calling area co-chairpersons, Dot at 763-8376, or Louise at 295-7086.

Most troops plan their activities around the amount of money they earn during the cookie sale. Depending on the number of boxes a girl sells, she can earn from ten to forty-five cents per box for her troop treasury. That money makes it possible for her troop to plan super trips --- like a trip to New York, or a camping trip, or a surprise party for their adopted grandparents in a nursing home. Help your local Girl Scouts by buying lots of Girl Scout cookies!

Auction to Benefit Playground

How would you like an airplane ride over Mattapoisett? Or an afternoon sail on Buzzards Bay? How about a one hour consultation with an interior designer? Two cases of Sippican Chenin Blanc?

Well YOU CAN!!!

All these things and many, many more just as original items, services, and handcrafted gifts will be up for AUCTION at the Playground Improvement Committee's next fund-raiser March 21st at ORR Junior High School at 7:30 p.m. There will be a $2.00 admission fee.

This fund-raiser is becoming a true community effort with many businesses and individuals coming forward to lend a hand. However, we still need lots of help.

Auction items are still needed to make this a big success. Perhaps you have something we can use in your attic or basement? Or, perhaps you are talented at knitting, tennis, or a musical instrument and could give a lesson or two? How about pet care, child care or baking your specialty. Can

Council on Aging

LIFE SKILLS WORKSHOP WELL RECEIVED

The LIFE SKILLS workshop, sponsored by the Mattapoisett Council on Aging and held in the assembly room of the Village Court on Friday, February 27th, was well attended in its initial meeting. Subjects covered ranged from problems with early discharge from hospital care to the various types of custodial care available. Experiences of the group were shared with others under the leadership of Ms. Joann Imbriglio of the Marion Senior Support System.

The next meeting of the LIFE SKILLS workshop is scheduled for Friday, March 13th, at 1:30 p.m. at Village Court. Persons coming by automobile are kindly requested to avoid parking in tenant parking spaces. All seniors are welcome.

TALK ON ELECTRICITY

John R. Farnham, Commonwealth Electric Company Manager for Public and Consumer Relations, will speak at the St. Gabriel's Men's Fellowship breakfast at 8:30 a.m. on Sunday, March 15th, in the parish hall, Marion. His subject will be "The Future Growth of Electric Capacity in Southeastern Massachusetts".

Mr. Farnham will discuss future sources of the electricity we will use in southeastern Massachusetts for the decades ahead, and what the outlook is for our dependence on nuclear power, Canadian power, locally generated power from foreign oil and "other" power sources. Mr. Farnham will welcome questions and discussion.

The Fellowship offers all men of the community an opportunity for friendly association with no obligation to participate in service projects. Breakfasts are prepared in turn by members. Donation is $2.50.

Letter to the Editor

It was with a sense of irony and sadness that I learned the name of the new complex of buildings on Route 6 just west of the Diner is to be "Deer Crossing". The name presumably comes from the road sign that stands near there, warning motorists of the possibility of deer crossing Route 6 in that area.

For 33 years I have watched for deer there, figuring somebody must have seen one sometime or the sign would not be there.

The sad part is that I don't have to watch any longer; the Highway Department can take down the warning to motorists, because there won't be any deer crossing there now, or ever.

I hope those responsible for the "Deer Crossing" project and other contemplated ones get the message, and it is not just about deer. (If we think the Mattapoisett River is polluted now, just wait un-

A Used Camera...
Good Deal or Bad?

That depends a lot on where you buy it. Every camera taken in trade at THE SHUTTERBUG is thoroughly checked. If it's o.k., it goes up for sale but if there is anything wrong, it goes away for repairs to bring it back to top-notch condition. Often, that means we have spent between $45-$95.....whatever it takes, to be sure we offer our customer a perfectly operating camera.
If you've been looking for a GOOD camera but have been frightened away by the $300-$500 price tags, come see what we have to offer. Our used equipment generally costs between $99 and $200, for first-line cameras. BIG savings.....AND we stand behind every one we sell. If our camera fails to operate properly, within the first 90 days, we'll give you every penny back.
New or used.....we have the camera you're looking for.....IN STOCK!

til all those "Deer Crossing" toilets start flooding.)

It seems there is something terribly wrong with empty pastures, underbrush-covered lowlands and pine forests, as "Deer Crossing" used to be; they don't make anybody any money.

To the landowners of Mattapoisett, I make the absurd suggestion that if you can afford the taxes on your land, keep paying them, and if you cannot, then give the buildable parts of your land to the Land Trust. (Unbuildable land is taxed at a much lower rate.) Either way you're relieved of the taxes and you'll have done what you can to keep the deer crossing.

Mrs. Smith's Social Studies class recently had a contest to see who could find the most Greek columns around the area. The students had time to look during their February vacation. A five dollar gift certificate to Nick's Pizza was awarded to Michael Dahill. He found one hundred and thirty-seven columns. He found columns in Mattapoisett (the Town Hall), Salem, Taunton, Peabody, North Dartmouth, Provincetown, and he found sixty columns in New Bedford. Below are examples of the columns Mike identified.

The March Birthstone
THE AQUAMARINE

One of the most exotic gems in the world today is the clear sea-green to blue, Aquamarine.

The AQUAMARINE, which seems to capture in its transparent depths something of the vitality and surging spirit of the ocean, is a talisman long believed to impart courage to the wearer, to cure laziness, and to quicken the intellect.

Greek goldsmiths of the period, before the conquest of Rome, used Aquamarines in their jewelry. The gem stone came to them from the Far East, traveling from ports on the Persian Gulf, across the Arabian sands by camel caravan, then by galleys to Hellenic ports on the Mediterranean Sea.

The Aquamarine is a variety of Beryl (aluminum-beryllium silicate), belonging to the same family of gems as the Emerald.

It is found in such widely separated parts of the world as Brazil, Madagascar, the U.S. (Maine and North Carolina), and Russia.

Because of their light color, larger Aquamarine gems are more striking in effect than smaller ones.

Aquamarine ring stones will be step cut, as a rule.

At home with all types of feminine costumes, by day or night, the Aquamarine is particularly effective when worn with dark suits or dresses, also with white or with contrasting pastel shades, such as yellow or pink. Night lights bring the gem's limpid beauty out to the fullest, and under artificial lighting there is scarcely a color the Aquamarine will not compliment, especially when accented with small diamonds.

The experienced staff at Smith & Neil Jewelers will be happy to share their expertise with you in selecting a fine birthstone and appropriate setting. Happy March Birthday!

CEASE AND DESIST TO HOMEOWNERS

Three cease and desist orders were placed by Mattapoisett Building Inspector David Crook in the past week because of zoning by-law violations.

Mr. Crook noted, "Following several telephone conversations over the past several months, I was assured you (Kaplans) would have the property surveyed to prove the fence is located on property owned by you. This has not been done to my knowledge. It appears the fence has been erected on town property and partially on property owned by your abutters." Crook will inspect the fence on February 27.

The second order concerns a violation of the state building, sanitary and plumbing codes by Grant V. and Priscilla M. Faber, 2 Harvey Orchard Lane. The Fabers are ordered not to occupy the structure as a storage building. Remodeling this structure from a storage building to a dwelling unit is in direct conflict with their building permit. The order demands removal of all furnishings, plumbing, and sanitary fixtures and to disconnect the storage building from any septic system. Crook will check the premises on February 25 and March 4.

The third cease and desist order pertains to a violation of the state building and plumbing codes on the property at 42 Main Street (formerly Jeff Canty Construction) and addressed to Judith J. Rogers, Trustee to Fireside Realty Trust, 13 Hi-Ona-Hill Road, Mattapoisett.

The order demands no attempt be made to occupy the 42 Main Street property, and to immediately proceed to install the rear exitway from the Korner Bakery so there are

two means of egress and provide Korner Baker with restroom facilities. The premises will be inspected on February 26 to confirm the rear exit has been installed and the Korner Bakery provided with restroom facilities.

Further, Crook noted, "records of the Town Clerk show that at the time of adoption of the zoning by-law only one apartment located on the second floor of the building existed. Therefore, the conversion from one to two units was done without the necessary building permit being issued. The second floor must be altered to one apartment and a second means of egress created, the inspector ordered.

Board of Appeals

Following public hearings by the Board of Appeals on January 29th, two applications were granted and one denied.

Roger C. Morris, of Sarasota, Florida, was granted a variance for the minimum side line set-back requirement for the south border of the structure at 11 Industrial Drive. This will correct an inadvertent side-line set-back violation.

Armen F. and Pauline B. Barooshian, 72 Concord Street, Newton were granted a special permit to allow a second floor addition to an ex-

The application of Theodore A. Butler, 49 Brandt Island Road for a variance to allow construction of an accessory building in excess of 450 square feet at 49 Brandt Island was denied. The denial was based on the petitioner failing to show a hardship if denied and because of the soil condition and the topography of the land.

STUDENTS VISIT ROBOTICS FAIR

Recently the Electronics Department at Old Colony Regional Vocational Technical High School traveled to a robotics fair in Boston.

The field trip was arranged with the goal of providing the students with a "first hand" opportunity to learn about robotics technology, which is impacting upon many areas of industry. In addition, the students had the opportunity to visit an inventor's exhibition which was also taking place at the same location.

The Electronics Department will be constructing a robot during the 1987-88 school year. The field trip was funded through the School Improvement Council.

for Your Child's Time - Afternoon, Weekends, Vacation", will speak on this subject on Tuesday evening, March 10th, at 7:30 p.m. at Friends Academy, 1088 Tucker Road, North Dartmouth. The public is cordially invited to attend.

Ms. Bergstrom is also a professor in the Department of Professional Studies in Early Childhood at Wheelock College, Boston.

For children between the ages of six and twelve, approximately 80% of their waking time, or 4,672 hours per year, is spent outside of school -- afternoons, weekends, vacations. Summer accounts for a significant portion of this time.

Middle childhood is the parent's chance to introduce the world, instill values, and encourage the development of lifelong interests. It is also the time to help children develop independence, or what are referred to as the other 3Rs: resourcefulness, responsibility, and reliability. However, choices have to be made and parents need to help.

The presentation assists parents and professionals to help children to make choices and to develop specific interests over the summer. Participants are also encouraged to create structure in the household; organize the chores and talks to be done around the house; encourage reading; and engage in

As parents begin to think about planning their child's summer time, they may begin to worry about the dread spectre of the "push parent". This need not be true; parents can learn to strike a delicate balance between demanding too much and providing too little for summer. All of these issues will be discussed and specific strategies to reward children's resourceful behavior will be shared.

Tobey Back School

The next Back School at Tobey Hospital will be held Thursdays, March 12th and 19th, from 7 to 9 p.m. in the Rehabilitation Department.

The program, developed by Orthopedic Surgeon Dr. Gregory Johnson and the Tobey Hospital therapists, is intended to offer instruction in the proper use and care of the back. The topics covered in the Back School are: Anatomy, Biomechanics and Pathomechanics of the Spine, a film entitled "It's Your Back", Instruction on Proper Body Mechanics, Lifting Techniques, and Posture, Exercise Principles and Importance, Work Simplification, and Relaxation Techniques. Literature on back care is distributed.

The cost per individual is $25. which includes both sessions. Lower group rates are available on request. Nurses are eligible for 4 contact hours. A physical referral is recommended but not necessary. For further information and registration, please contact the Rehabilitation Department at Tobey, 295-0880, ext. 361.

The program is sponsored by The Boston Globe and administered by The Artists Foundation in Boston, a non-profit organization committed to the promotion of the creative arts.

The young artists were honored recently during an awards ceremony at Heritage Plantation in Sandwich, one of five regional ceremonies across the Commonwealth.

Winners from Old Rochester Regional High School were: Laura Taft, Gold Key; and Greg Dolbec, Chuck Johnson and Ethan Lima, Honorable Mention.

The program is designed to foster achievement in creative art and encourage young artists to pursue studies in the arts.

in providing students with a dynamic educational experience in the coastal environment.

Using simple and easily acquired materials, workshop participants will create and take home plankton nets, hydrometers, quadrants, sieve nets, beach profile tools and transect lines. Samples of other types of oceanographic equipment will be on display and handouts covering various other types of field equipment will be distributed at the workshop.

"Creating Your Own Field Equipment" will be held from 10:00 a.m. to 4:00 p.m. on March 7th. The workshop is $35.00 for Lloyd Center members and $40.00 for non-members. This fee includes all materials and lunch.

Registration is required; please contact the Lloyd Center at 990-0505 or 430 Potomska Road, South Dartmouth, MA. 02748.

"Creating Your Own Field Equipment" is part of the MATES Program (The Marine and Aquatic Teacher Enrichment Series). This and others will be sponsored by the Lloyd Cen-

ter for Environmental Studies. Workshop instructors are Sandra Ryack-Bell, School Program Coordinator; Amy Dyer, Senior Instructor; and Steve Theberge, Senior Instructor.

"THE SPRING NIGHT"

On Saturday, March 7th, the Lloyd Center for Environmental Studies is offering a free, interpretive walk, The Spring Night, from 5:30 to 7:30 p.m. As Spring approaches, many of the forest creatures awaken from their winter rest and begin their daily quest for survival. Many of these forest animals are most active during the evening and early morning hours when the quantity or light penetrating the forest is at a minimum. These animals have developed special adaptations to aid them in their hunting and foraging activities. Join Sandra Ryack-Bell, Lloyd Center School Program Coordinator, on this early evening exploration of the forest and discover the special adaptations developed by these forest dwellers.

The Spring Night is part of the Center's Weekly Walk Program. Weekly walks are free and open to the public thanks to a donation from Marianne Macdonald Real Estate. The Lloyd Center is located at 430 Po-

LEARN THE ELEGANCE OF CALLIGRAPHY

Break away from Winter Blues--learn a new skill: calligraphy! This beginner class trains eyes and hands to work with any type of calligraphic lettering, with an emphasis on italic lettering. Instructed by Andrea Coderre, the five-week course begins Wednesday, March 11th, 7 to 9 p.m. The fee is $15. For details on materials needed call the YWCA at 999-3255.

SCULPT YOUR OWN LAMPSHADES

Learn the "cut and pierce" technique in lampshade design, and construct lampshades that reflect light beautifully. The three-session class meets Mondays, beginning March 30th. The fee is $15. Instructor is Claire Geggatt of the Fairview Gift Shop. Call the YWCA for details on supplies, 999-3255.

garten. An informal recreational play group, the Artcare program features weekly organized craft activities and an opportunity for children, their mothers and grandmothers to meet new friends. All activities are planned and cost-shared by participating mothers of this on-going group. Mothers must be YWCA members. The program meets Fridays from 9 a.m. to 11 a.m.

"WOMEN ALONE" PLAN AFRICAN SAFARI LECTURE

The YWCA's Women Alone group has a full agenda planned for its March 13th meeting. A support group for widows, divorcees and singles, Women Alone plans a dutch-treat dinner at the Main Event Restaurant (leave the YWCA lobby at 5:15), a brief business meeting at 7:30, and a slide-lecture entitled "African Safari", by Amy Rogers of Fairhaven. New participants, especially widows, are welcome to this ongoing support group.

MARCH ART EXHIBIT

Former watercolor students of Mary Lindenberg at the YWCA are invited to exhibit their works in the YWCA lobby during the month of March. For details about the exhibit call Grace Young, 999-3255.

MITCHELL'S OIL
& HEATING SERVICE

A Full Service Oil Company wants to ask you some questions.

- DO YOU WAIT LONGER THAN 1 OR 2 DAYS FOR OIL DELIVERY?
- ARE YOU LEFT OUT IN THE COLD WHEN YOUR BURNER NEEDS REPAIR?
- ARE YOU A VALUED OIL CUSTOMER OR ARE YOU JUST AN ACCOUNT NUMBER?
- MOST IMPORTANT, ARE YOU PAYING TOO MUCH FOR YOUR OIL?

If you answered Yes to any of these questions, it's time you contacted
